# Women & Children FIRST

We work in and serve the most violent neighborhoods in our communities. We see collateral damage that the news doesn't show you. The mothers and grandmothers become the walking wounded. They may not have been shot, but they are dying on the inside.

When there is no one to turn to, we are there. We bring compassion, healing and hope only possible because of you.

We are all neighbors in God's eye.

On our 100th Anniversary and at a time when our communities are seeing unprecedented violence and need the compassion of Catholic Charities more than ever, we thank you for being generous in this year's Mother's Day Campaign.
