

CATHOLIC CHARITIES OF THE ARCHDIOCESE OF CHICAGO

# New Hope Apartments

## Overview

Catholic Charities New Hope Apartments program is designed to end the cycle of homelessness by providing rapid rehousing with intensive case management services for homeless families with children under the age of 18. Through individualized service plans, clients focus on barriers to self-sufficiency, and work to increase income, decrease debt, and increase self-determination skills during their time in the program.

Through a combination of housing and supportive services, the staff of New Hope Apartments encourage participants to overcome any educational barriers to job success, build strong community relationships, raise healthy children, and fully participate in the program in order to overcome future challenges. By addressing the specialized needs within each household, New Hope Apartments dramatically changes families' lives, providing true "hope" for their futures.
